U.S. Serial No. 10/608,327  
Response to the Office action of June 19, 2006

**Remarks**

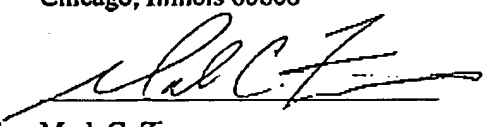

In the Office action dated June 19, 2006, claims 11-15 were rejected as being unpatentable Sochava (US 6,665,321). As addressed in a prior response dated December 29, 2005, Sochava is not available as prior art to the subject application for obviousness purposes. This fact was communicated to the examiner in a voicemail on August 11, 2006. Subsequently, the examiner left the undersigned a number of voicemails on the issue indicating that, indeed, Sochava is disqualified as prior art and indicating that cancellation of the withdrawn claims would result in allowance of the case. Accordingly, all claims other than claims 11-16 have been cancelled without prejudice to their future prosecution.

It is respectfully submitted that pending claims 11-16 are in condition for allowance and communication to that effect is respectfully requested. Additionally, the undersigned would like to thank Examiner Nguyen for his cooperation during the prosecution of this patent application.

The undersigned would like to thank Examiner Nguyen for the courtesies extended in a telephonic examiner interview conducted on June 6, 2006.

Respectfully submitted,
